**FIRST ORDER OF BUSINESS**

**Roll Call**

Mr. Kenneth Colen called the meeting to order at 10:19 a.m. and Mr. Flint called the roll. All Supervisors were present.

**SECOND ORDER OF BUSINESS**

**Public Comment Period**

Mr. Kenneth Colen: Public Comment Period, is there anyone who wishes to step forward? Please state your name and address for the record.

Ms. Pam Peckham (Stone Creek): I am concerned about Item #5, the new construction easement with Marion County, which you partially discussed at the last Indigo homeowners meeting. I heard some of the discussion. Part of my concern is the title and how it was conveyed. It was conveyed by a quit claim deed to the Bay Laurel CDD. In that quit claim deed, it indicates

a right to perpetual ingress and egress. It does not necessarily convey the right to transfer property rights to others. I think the title is really messy with all of the resolutions, all of these other things that I got from Mr. Flint's staff. I'd like a reconsideration of the title to the property. Does any other entrance to any other On Top of the World (OTOW) property, have the ownership in the name of Bay Laurel or is Stone Creek the only place where there's ownership? Mr. Kenneth Colen, I believe the reason why this is so complex, is because at one time and help me with this, you were proposing to convey the Southwest 63<sup>rd</sup> Street Road right-of-way (ROW) to the County as a public road. That would have negated all of the issues that are coming up today on who should be transferring a temporary construction easement to the County. Right now, I have no awareness if anyone in Stone Creek has been advised of this. Almost 4,000 homeowners have only one point at this time of ingress and egress, access to the community. There's no clarification as to how long this temporary construction easement will last. There are multiple issues when it comes to the actual wording of the construction easement, that all of the parties to be affected, have been discussed, have had the opportunity to discuss this temporary construction easement. I tried to reach Mr. Ray Aponte yesterday, the Land Development Manager for Pulte, when I was first provided a copy of the easement. He is out of the country and will not be back until after Thanksgiving. I ended up talking to Mr. Jeff Deason, the Land Development Vice President and he agreed that I should request a delay of any action on this particular easement. Let me think back to what the other things I was concerned with. There were multiple issues. First of all, should Bay Laurel really be conveying the title for this? How should the title look on this road ROW? What are the interests that Stone Creek has to get in and out of this community? Oh, and then the big one provides Bryan and his staff the responsibility to make sure that all of the improvements on the property under this easement drawing, are corrected and substantially replaced. Now, on that drawing, which I think is wrong and needs to be redone, for the easement, it appears to include a very large flagpole, our monument and quite a few trees, which would basically give the right to Marion County to remove all of those sorts of things. The replacement costs have not been identified. This needs to be further discussed. I've worked in the ROW industry for over 50 years and I'm not an attorney, but I don't like the way the documents have been conveyed, showing Bay Laurel as the owner. Now, what happens with our HOA community, when residents complain about something? It goes to Ms. Rachel Mayer, our HOA Manager from First Service Residential. She always says Bay Laurel owns that

property. You have problems with that property, with the construction on that road, you call Bay Laurel. What is Crystal and Beth going to do when they get phone calls from possibly half of our residents about the construction, removal of trees, all of these things? They're not going to want to answer the questions. Bryan is not going to want to have his inspectors inspect to make sure the property is correct. So, my request to you today, is to delay the approval until there was further discussion, and to have Mr. Stepp meet with me and Bryan, to discuss some preliminary things. Because I think he has an excellent background on the history of the roads and access to this community, including OTOW and all of the original DRI property. Furthermore, to give Pulte's Land Manager, Mr. Ray Aponte, when he gets back, the opportunity to discuss this further. Now, if Mr. Stepp was a party to the phone call and zoom calls, he may know if Mr. Ray Aponte was on those calls or not. But there's significant impact to Stone Creek construction, depending on the times, regarding residents ingress and egress, because there's no other way to get out of Stone Creek until your road is finalized. Now, do we want to put that impact of all Stone Creek residents exiting out over here through this area? We need a whole lot more information before you make a decision on that particular temporary construction easement.

Mr. Kenneth Colen: Thank you.

Mr. Brunner: Thank you.

Mr. Kenneth Colen: Thank you for your comment. I will ask District Counsel to address your comments during the discussion period on the easement. Thank you. Alright, are there any other public comments? If not, I would close the Public Comment Period.

**THIRD ORDER OF BUSINESS**

**Notice of Meeting**

Mr. Kenneth Colen: We have the notice of the meeting. The meeting was duly noticed.

**FOURTH ORDER OF BUSINESS**

**Approval of Minutes**

**A. August 19, 2025 Board of Supervisors Meeting**

Mr. Colen: We have several sets of minutes for approval. The first is from the August 19, 2025 meeting. Are there any corrections?

Mr. Brunner: The only thing that I noticed and it's probably not a big deal; was Mr. McLeod's title was left off the first page and that's all I found in there.

Mr. Kenneth Colen: Okay, we're going to correct that. Are there any other discussions or questions on the minutes?

On MOTION by Mr. Kenneth Colen seconded by Mr. Brunner with all in favor the Minutes of the August 19, 2025 Board of Supervisors Meeting were approved, as amended.

**B. Acceptance of August 19, 2025 Audit Committee Meeting**

Mr. Kenneth Colen: Item B is the minutes of August 19, 2025 Audit Committee meeting, Are there any corrections to the minutes as presented? I didn't find anything.

Mr. Brunner: I didn't either.

Mr. Kenneth Colen: May I have a motion to accept the Audit Committee meeting minutes?

On MOTION by Mr. Gysen seconded by Mr. Brunner with all in favor the August 19, 2025 Audit Committee Meeting were accepted.

**C. September 16, 2025 Meeting**

Mr. Kenneth Colen: Next are the September 16, 2025 minutes. I've been through them and didn't find anything. Are there any corrections to the minutes?

Mr. Brunner: Nor did I.

Mr. Kenneth Colen: Okay, hearing no changes, may I have a motion to approve the minutes as presented?

On MOTION by Mr. Brunner seconded by Mr. Gysen with all in favor the Minutes of the September 16, 2025 Board of Supervisors Meeting were approved, as presented.

**D. October 21, 2025 Meeting**

Mr. Kenneth Colen: Last but not least, we have the minutes of the October 21, 2025 meeting. Do we have any corrections to the minutes as presented?

Mr. Brunner: No changes from me.

Mr. Kenneth Colen: May I have a motion to adopt the minutes as presented of October 21<sup>st</sup>?

On MOTION by Mr. Stepp seconded by Mr. Brunner with all in favor the Minutes of the October 21, 2025 Board of Supervisors Meeting were approved, as presented.

**FIFTH ORDER OF BUSINESS**

**New Business Items**

**A. Consideration of Temporary Construction Easement Agreement with Marion County, Florida**

Mr. Kenneth Colen: The next item is new business for the consideration of a temporary construction easement with Marion County. Who is going to address this? Alright, Gerald Colen will step to the microphone.

Mr. Gerald Colen: I do want to deal with an extremely minor matter. First of all, to get it out of the way, as it was with Candler, I'm embarrassed to raise it, but I am a grammarian, whatever the heck that means. If you look at Item #10 on the agreement, the second line after the word, "County," should say, "*Or Bay Laurel Center Community Development District.*" We should make that change.

Mr. Kenneth Colen: Noted.

Mr. Gerald Colen: I'm not sure that I understand exactly what the question is, what they're talking about. I'm saying this with respect, so don't misunderstand me. I don't understand exactly what the question is regarding a quit claim deed, which gives whatever rights anybody has to somebody else. Beyond that, I would need an explanation of what the issue is. I don't understand it. I have obviously read this document carefully and I understand the facts. I go back a long way with Bay Laurel. I understand all of it. I just don't understand this particular question and therefore I don't understand why a delay is necessary. I want to understand that before I can comment more.

Mr. Kenneth Colen: Alright. Thank you.

Mr. Stepp: Mr. Chairman, I can offer a little bit of clarity if you don't mind.

Mr. Kenneth Colen: Please do, Mr. Stepp.

Mr. Stepp: The resident is right. Forgive me, I did not write your name down. I was feverishly trying to take notes of all of your questions. I did participate in the discussions with Marion County and Pulte. Mr. Ray Aponte was a party to all of the calls and discussions regarding everything that would be needed with the 63<sup>rd</sup> Street Road entrance to Pulte, including the easement rights that the County was requesting. Just to be clear, they're temporary in nature, they're construction related and only related to the necessary improvements to complete the 80<sup>th</sup> Avenue project. So that includes your entrance. The documents included in the easement today, may not have been fully illustrative. We were handed some additional information today that I think would dispel a lot of your questions. It kind of highlights the exact location of the easement

area. It is intended to only exist for the purpose of constructing the turn lane and other improvements there at the intersection. It is not intended to completely obstruct the ingress and egress from the community. Now, at times it may be limited, but it will not completely obstruct that entrance. You asked the question about alternate forms of access. It is the intent to open Southwest 90<sup>th</sup> Terrace Road up to all of the traveling public, to miss all of the ROW disturbance that Marion County will have going in this corridor for about 24 months. So hopefully that dispels some of your issues there. The easement does allow for a tabulation of costs incurred, to satisfy the District's loss for any of the permanent improvements. That will be trued up at the end of the project. So hopefully, I think that I did address all of the major concerns that you had. If I missed one, I apologize.

Mr. Schmalz: Mr. Bryan Schmalz, Utility Director for Bay Laurel Center. The only thing that I would add, is during the discussions, we did ask the Circle Square Ranch Master Association to confirm the updates to the area is approved by them, as they're the ones who maintain that roadway.

Mr. Stepp: All of those associations and parties to this agreement have agreed?

Mr. Schmalz: Yes.

Mr. Kenneth Colen: Alright. Mr. Flint, do you have any insights?

Mr. Flint: Nothing other than what Bo and Bryan already stated. We've had several calls with the County Engineer to go over this. The version of the agreement that's in your agenda, I think we're comfortable with. There are a couple of provisions that the County is still reviewing. So, we would ask if the Board does consider approving this, that you approve it in substantial form, understanding that there may be some minor revisions. I think the construction is supposed to start in January or December. So, the timing of this construction easement is important to the County. I believe the plan right now, is that it'll be on their second meeting in December for County Commission consideration, assuming that it gets approved today. Even if it doesn't get approved today, it may be on that agenda, but it would have to be subject to your approval.

Mr. Stepp: That's correct, Mr. Flint. So, the schedule as presented from Marion County, is precisely as you've laid it out. In December they will approve all of the ancillary agreements and easements needed for construction and they intend to start shortly after the first of the year in January.

Mr. Kenneth Colen: Mr. Stepp, is it my understanding that the County is adding an additional left turn lane out of the community on the west side of Southwest 63<sup>rd</sup> Street Road?

Mr. Stepp: That's correct, Mr. Kenneth Colen, as well as a new signal and optimization.

Mr. Kenneth Colen: Good.

Mr. Flint: So that median will be narrowed there, as you can see in the exhibit and there will be a left turn lane going north.

Mr. Kenneth Colen: Just be glad they didn't stick a roundabout here.

Mr. Stepp: We're very, very glad for that fact. Just one minor point of detail. We have asked the Master Association's landscape professionals, to put their eyes on any of the proposed improvements and the proposed impacts to any existing landscapes, to be able to save anything that has value and is worth saving.

Mr. Kenneth Colen: That can be saved.

Mr. Stepp: Yes, sir.

Mr. Kenneth Colen: It may not be. Alright. Thank you.

Mr. Brunner: May I ask a quick question?

Mr. Kenneth Colen: Please do.

Mr. Brunner: Right now, there's an existing multimodal path on the south side of 63<sup>rd</sup> Street Road, that also extends south back toward OTOW. If you look at the sketch that we received today, it does say, "*Connect to existing sidewalk.*" Now, is that going to be wide enough to be a multi or is that just going to be a sidewalk over there?

Mr. Stepp: Yes, sir, Mr. Brunner, by all indications and plans that I have reviewed, it is indeed intended to be a multi-use trail.

Mr. Brunner: So, we can get golf carts, bicycles, that sort of thing through there.

Mr. Stepp: That's correct. I believe the use of sidewalk there is superfluous.

Mr. Brunner: Okay, thank you.

Mr. Kenneth Colen: Is the County going to do a crosswalk across 80<sup>th</sup> Avenue? I don't see any plans.

Mr. Stepp: Yes, sir. There will be pedestrian services as well as consideration for the cart crossing at this intersection.

Mr. Brunner: So, you're not building the bridge?

Mr. Stepp: No, sir. No bridge is contemplated in this set of plans.

Mr. Kenneth Colen: Alright. Are there any other discussion from the Board? Thank you. Alright, then may I have a motion to accept the Temporary Construction Easement Agreement?

On MOTION by Mr. Stepp seconded by Mr. Brunner with all in favor the Temporary Construction Easement Agreement with Marion County, Florida was approved as amended in substantial form and the Chairman was authorized to execute the final form.

**SIXTH ORDER OF BUSINESS**

**Ratification Items**

**A. Series 2022B Requisition #94 - #97**

Mr. Kenneth Colen: The next item, are ratification items. Item A is Requisitions #94 through #97. We're really getting down there on the last of the requisitions for the new water reclamation facility. Have you had an opportunity to review them all?

Mr. Brunner: Yes.

Mr. Kenneth Colen: Are there any questions?

Mr. Brunner: In the past, we've been able to ratify those in one lump sum. Can we still do that?

Mr. Kenneth Colen: I believe that we can, Mr. Flint.

Mr. Flint: Yes.

Mr. Kenneth Colen: Yes. Thank you. Alright. Do I hear a motion accepting the ratification of Requisitions #94 through #96?

On MOTION by Mr. Brunner seconded by Mr. Gysen with all in favor Requisitions #94 through #97 for Series 2022B were ratified.

**SEVENTH ORDER OF BUSINESS**

**Staff Reports**

**A. Attorney**

Mr. Colen: Staff Reports. Do we have any comments from District Counsel?

Ms. Wagoner: I have none.

**B. Utility Status Report**

Mr. Colen: Utility Status Report. Mr. Schmalz?

Mr. Schmalz: Mr. Bryan Schmalz, Utility Director for Bay Laurel Center. To give an update on where our current water productions are, we're currently producing an annual average daily flow of 5.1 million gallons per day of potable drinking water to our community, which in

the past 12 months has been right at 1.9 billion gallons of water produced. There is approximately 7.9% increase in flows and a 7.8 increase in residential connections to our area. 975 additional connections occurred in the past 12 months. Wastewater flows, we're currently knocking on a million gallons per day. So, we're at 981,000, which is a total annual use of 358 million gallons of wastewater treated. As far as the last Board meeting or time before that, excuse me, we had entered into an agreement with Kimley Horn regarding funding associated with Water Treatment Plant #4. On December 21, 2024, the American Relief Act was signed into law, which provided additional funding in the amount of \$3 billion from EPA, for the supplemental appropriation for Hurricanes Helene and Milton and Hawaii wildfires. It is referred to as SAHM for short. It was just announced that the District has received \$35,139,169, towards the funding of Water Treatment Plant #4, which is estimated to be at \$91.5 million. That is a substantial benefit to the District, saving the District money and our future customers. In addition to that, they're expecting additional funding to come into the SAHM program. We are on a priority waiting list to fund the additional \$56,360,831. If we get funded, that second amount would fund Water Treatment Plant #4 entirely with \$0 out of the District's bank account.

Mr. Kenneth Colen: Now, is that a grant or a loan?

Mr. Schmalz: It's all being ran through the State Revolving Fund. It is referred to as a grant, but we have to enter into a loan agreement with the State Revolving Fund, which has 100% principal loan forgiveness. We have to do that by March 12<sup>th</sup> and then execute the agreement by June 10, 2026 for both of those.

Mr. Kenneth Colen: By June 10, 2026?

Mr. Schmalz: Yes. The only provisions that come with the grant, it doesn't require the Build America Buy America, but it does require the American iron steel requirements, as well as Davis Bacon wages which was required at the North Water Reclamation Facility. It requires a sign stating that we've been funded by EPA.

Mr. Kenneth Colen: Okay. That agreement requires a lot of administrative work.

Mr. Schmalz: Yes.

Mr. Kenneth Colen: Which is contemplated within it.

Mr. Schmalz: That does include the planning, as well as the construction and engineering services associated with that project. It would cover all of those areas.

Mr. Kenneth Colen: Alright. So, if you execute it on June 10, 2026, where are you at in the cycle of planning, design and permitting?

Mr. Schmalz: We currently have an RFQ that we should be receiving, I believe by the end of the of this week, if I recall correctly. At the next Board meeting, the Board would select the most qualified Engineer for the lower Floridian and aquifer test well at the Water Treatment Plant #4 and then we would begin the design process at that time. Previously with the North Water Reclamation Facility, any funds that the District spent, were refunded from the date of agreement forward, they actually funded all of our planning and design, previous to the execution of the agreement with the North Water Reclamation Facility. We're still researching to find out if we would qualify for that. But the plan is to start drilling at this particular site for the test wells, approximately September of 2026. We would already be entered into the agreement, so we'd at least be able to capture the construction cost of those test wells.

Mr. Brunner: Are you still estimating coming online in 2030 or 2031 timeframe?

Mr. Schmalz: Yes, sir.

Mr. Kenneth Colen: That's a long cycle.

Mr. Brunner: Yes.

Mr. Kenneth Colen: Alright. Are there any other questions from the Board? Thank you.

Mr. Schmalz: You're welcome.

## **C. District Manager's Report**

### **1. Approval of Check Register**

Mr. Colen: District Manager's Report. Approval of Check Register #1 and Balance Sheet and Income Statement.

Mr. Flint: Yes, Mr. Chairman. You have the Check Register from August 12<sup>th</sup> through November 11<sup>th</sup>, totaling \$7,927,885.82. The detailed register is behind that. If you have any questions, we can discuss those.

Mr. Kenneth Colen: Are there any questions?

Mr. Brunner: No, sir.

Mr. Kenneth Colen: May I have a motion to accept the Check Register summary from August 12, 2025 through November 11, 2025?

On MOTION by Mr. Brunner seconded by Mr. Stepp with all in favor the Check Register as stated above was approved.

**2. Balance Sheet and Income Statement**

Mr. Kenneth Colen: Unaudited financial reporting. We have two here. You have August 31, 2025 and then you have September 30, 2025. I haven't had time to compare them, but it doesn't require a motion. Are there any comments? Hearing none,

MINUTES OF MEETING  
BAY LAUREL CENTER  
COMMUNITY DEVELOPMENT DISTRICT

The regular meeting of the Board of Supervisors of the Bay Laurel Center Community Development District was held on Tuesday, January 20, 2026 at 10:00 a.m. at Circle Square Commons Cultural Center, 8395 S.W. 80<sup>th</sup> Street, Ocala, Florida.

Present and constituting a quorum were:

Kenneth D. Colen	Chairman
Paul Brunner	Vice Chairman
John Gysen	Assistant Secretary
William D. McLeod	Assistant Secretary
Robert “Bo” Stepp	Assistant Secretary

Also present were:

George Flint	District Manager
Robert Szozda	GMS
Rachel Wagoner	District Counsel
Bryan Schmalz	BLCCDD
Crystal House	BLCCDD
Megan Brobst	OTOW
Residents	

**FIRST ORDER OF BUSINESS**

**Roll Call**

Mr. Kenneth Colen called the meeting to order at 10:00 a.m. and Mr. Flint called the roll. All Supervisors were present.

**SECOND ORDER OF BUSINESS**

**Public Comment Period**

Mr. Colen: Do we have anyone who wishes to address the Board? Now is your opportunity. I don't see anyone who wishes to make a comment at this time. I'll close that section of the meeting.

**THIRD ORDER OF BUSINESS**

**Notice of Meeting**

Mr. Kenneth Colen: We have the notice of the meeting. It was published and the proof is included in the agenda package.

**FOURTH ORDER OF BUSINESS**

**New Business Items**

**A. Review of Proposals for Professional Engineering Services and Selection of Vendor**

Mr. Kenneth Colen: New business Items, agenda item 4, review of proposals for Professional Engineering Services and selection of vendor.

Mr. Flint: Yes, this is for the District Engineer. When the District was originally established, the District Engineer was originally Boyer Singleton and then Dewberry. The Board made a decision to issue a Request for Qualifications (RFQ) for District Engineering Services. We advertised that in accordance with the statutes. The selection is to be made solely on qualifications and then the Board would authorize the negotiation of an agreement with the number one ranked firm. We only received one response. Actually, we received two initially; one from Kimley Horn and one from Alliant. Alliant subsequently contacted us and withdrew from consideration as the District Engineer. So, you have one proposal in front of you from Kimley Horn. When the Board authorized it, you also approved the selection criteria for the review and ranking of the responses. Those include ability, adequacy of the personnel, their past performance, their geographic location, their willingness to meet time and budget requirements, recent current and projected workloads and volume of workload previously awarded by the District. Although we only have one response for the record, we probably should still have a ranking. Each Board Member could submit your ranking to me and we can tally those or if the Board wants to adopt a consensus ranking, you can do that as well. I've received Mr. Colen and Mr. Brunner's ranking sheets. Were there any other Board Members that filled the form out for this one?

*Board Members provided their ranking forms to Mr. Flint.*

Mr. Flint: I have all five Board members ranking forms. All five Board Members awarded full points on each criteria for a total of 100 points, each ranking Kimley Horn, number one. Is there a motion to accept the ranking of Kimley Horn as number one?

On MOTION by Mr. Gysen seconded by Mr. Brunner with all in favor acceptance of the ranking of Kimley Horn as the number one ranked firm to provide Professional Engineering Services was approved.

**B. Review of Proposals for Professional Engineering Services for the Planning, Design and Construction Administration Services for the Water Treatment Plant No. 4 Test Wells and Selection of Vendor**

Mr. Flint: Bryan, do you want to just give the background on the Water Treatment Plant (WTP) No. 4 test wells?

Mr. Schmalz: Yes. The primary objective of the RFQ was to identify a professional Engineering consultant for planning, design, permitting and construction services related to the WTP No. 4 site. The District received submittals from one respondent as well, similar to what Mr. Flint explained. Kimley Horn was the only respondent.

Mr. Flint: I have received the ranking sheets from each of the five Board Members and it appears that each Board Member awarded Kimley Horn the full 100 points on each ranking sheet.

Mr. Colen: Is there a motion to accept the ranking?

On MOTION by Mr. Brunner seconded by Mr. Gysen with all in favor accepting the ranking of Kimley Horn as the number one ranked firm to provide Professional Engineering Services for the planning, design and construction administration services for the Water Treatment Plant No. 4 test wells was approved.

Mr. Colen: Is there any other consideration that we need to have with this?

Mr. Flint: Nope that was it. We'll bring back agreements. On each motion, it's inferred that the Chair would be authorized to execute the agreement, between now and the next Board meeting, so that we can get those agreements in place.

Mr. Colen: Very good. Thank you.

**C. Consideration of Agreement with Kimley Horn for Preparation of Implementation Documents Related to State of Florida Special Appropriation**

Mr. Flint: Now that you've selected Kimley Horn as your District Engineer, it makes this one a little bit more straightforward. Bryan, do you want to present this item?

Mr. Schmalz: As previously discussed at the last Board meeting, the District applied for funding to support WTP No. 4, for the planning, design and construction of Phase 1. That is currently estimated at \$91.5 million, if the source is the Lower Floridian Aquifer. The District was awarded the cap amount of \$35,139,169. Additionally, the remaining request of \$56,360,831, has been placed on the priority waiting list, in the event additional funds become

available for that facility. So, the next step, will be filing the application by March 12, 2026 and execution of the agreement by June 10, 2026. The letter agreement in your agenda, supports the activities related to the preparation of the implementation, work plan and program related documents required under the special appropriations for Hurricanes Helene and Milton and Hawaii wildfires.

Mr. Colen: Okay. Can Kimley Horn meet that March deadline for submittal?

Mr. Schmalz: Yes.

Mr. Colen: Okay, I just wanted to confirm that. What is your pleasure Board Members? Is there a motion accepting the letter agreement as presented by the District Manager?

On MOTION by Mr. Stepp seconded by Mr. Gysen with all in favor the Agreement with Kimley Horn for the preparation of implementation documents related to the State of Florida special appropriation was approved.

#### **D. SW 80<sup>th</sup> Street Reclaimed Water Main Extension**

Mr. Schmalz: As the District's potable water and wastewater collection systems continue to expand within our service area, we now have more wastewater to treat, which means we have more reclaimed water to dispose of. The District must also continue to expand its reclaimed water distribution system to meet these disposal needs. Currently, Colen Built is completing construction of the SW 90<sup>th</sup> Terrace Road extension, which will connect the Stone Creek entrance to the Weybourne Landing entrance. As part of this project, Colen Built will be installing a large irrigation system to serve the roadway, presenting an opportunity for the District to expand its reclaimed water distribution system. To provide reclaimed water service to SW 90<sup>th</sup> Terrace Road, an 8-inch reclaimed water main would need to be extended along SW 80<sup>th</sup> Street, from SW 92<sup>nd</sup> Court Road to SW 90<sup>th</sup> Terrace Road. I provided a map that depicts from the roundabout at SW 92<sup>nd</sup> Court. I believe it's a purple dashed line that shows its connecting points at SW 90<sup>th</sup> Terrace Road, right at the Weybourne Landing entrance and at the corner of Weybourne and Town Center. So, in addition to serving the SW 90<sup>th</sup> Terrace Road project, the District will be able to serve SW 80<sup>th</sup> Street, which is currently on an irrigation well, the Town Center, which is also on an irrigation well and the future Weybourne Landing. So, by extending this main through this area, we'll be able to serve three additional sites plus SW 90<sup>th</sup> Terrace Road, while removing those irrigation wells from the area. The estimated cost for the

installation of the reclaimed water main and related connection, is \$482,871. Historically when the District has identified opportunities to install infrastructure, that directly benefits the District but was not specifically budgeted, the developer has agreed to fund the installation in exchange for AFPI credits. That's what the District has done in the past with similar projects. The estimated wastewater AFPI credits for this project, would be 118.35 credits. District Staff recommends that the Board authorize the District to proceed with the extension of the 8-inch reclaimed water main along SW 80<sup>th</sup> street from 92<sup>nd</sup> Court Road to SW 90<sup>th</sup> Terrace Road and approve the reimbursement of eligible costs through AFPI credits to Colen Built.

Mr. Colen: Okay. Well, I have a conflict here, so I'm going to sit this one out.

Mr. Flint: Okay, we'll make sure that you have Form 8B.

Mr. Colen: Right.

Mr. Flint: Bryan and I discussed this. The only other recommendation that I would make on this, is that we have a formal agreement documenting the AFPI credits. I think in the past, we've kept a log and applied those credits as we go. Typically, most governments have impact fee credit agreements, or in this case, it would be an AFPI agreement, just formally documenting the credit.

Mr. Stepp: The utility agreement, Bryan, do you prefer that that come from the District or from the developer?

Mr. Schmalz: I would prefer that it come from the District.

Mr. Stepp: I'm also going to abstain from this vote as an employee of Colen Built.

Mr. Flint: I'm not an attorney but I don't know that being an employee is a conflict. A conflict has to be determined by each individual Board Member, unless Boe has an ownership interest or something like that. But again, it is something to consider in the future, I guess. Rachel, do you have any thoughts on it.

Ms. Wagoner: Although he doesn't have a direct conflict, if he feels like he has a conflict by virtue of his employment, then it is appropriate for him to abstain.

Mr. Flint: Okay.

Mr. Brunner: Are three votes enough to carry it?

Mr. Flint: Yeah. Three votes is a quorum. So, you're fine.

Mr. Colen: Okay, we still need a motion.

On MOTION by Mr. Gysen seconded by Mr. Stepp with Mr. Brunner, Mr. McLeod and Mr. Gysen in favor and Mr. Stepp and Mr. Colen abstaining, the SW 80<sup>th</sup> Street Reclaimed Water Main Extension was approved. (Motion Passed 3-0)

**E. Acceptance of Utility System(s)**

**1. Calesa Township – Perlino Grove**

Mr. Colen: Everything is in order with it. There is \$876,410 worth of sanitary and potable water improvements.

Mr. Brunner: Actually, I think there are two amounts on there.

Mr. Colen: Yeah.

Mr. Schmalz: The total improvements is \$1,597,890.

Mr. Colen: Thank you for clarifying. Alright. What is the Board’s pleasure. Do we have a motion accepting it?

Mr. Brunner MOVED to accept the Calesa Township – Perlino Grove utility system and Mr. McLeod seconded the motion

Mr. Colen: Is there any discussion? Hearing none.

On VOICE VOTE with all in favor acceptance of the Calesa Township – Perlino Grove utility system was approved

**FIFTH ORDER OF BUSINESS**

**Ratification Items**

- A. Fire Sprinkler System Safety Agreement with Pye Barker Fire & Safety**
- B. Task Assignment #32 with Jones Edmunds for 2026 Quarterly Groundwater Monitoring and Reporting**
- C. Agreement with FMPTF for Preparation of GASB 75 Disclosures**
- D. Series 2022B Requisition #98 - 100**

Mr. Kenneth Colen: The next item are ratification items. The first one is a Fire Sprinkler System Safety Agreement with Pye Barker Fire & Safety. Bryan?

Mr. Schmalz: Mr. Bryan Schmalz, Utility Director for Bay Laurel Center. The agreement in your agenda package, is for the required fire sprinkler services for the administrative / customer service building, in the amount of \$1,250 annually. The term of this agreement is for three years, with the right to terminate with 30 day written notice.

Mr. Colen: Very good. Alright. Can we just go through them all and then have a motion or do we need to accept each one individually?

Mr. Flint: I think you could do one motion for all of the ratification items.

Mr. Colen: Alright. Task assignment #32 with Jones Edmunds. This is under Tab B, which is for groundwater monitoring. Are there any questions?

Mr. Brunner: No.

Mr. Colen: It's pretty straightforward. Yep. Item C is an agreement for the Florida Municipal Pension Trust Fund (FMPTF). I can't pronounce that acronym. It is for a retainer of \$3,000 for the services, which we've engaged.

Mr. Flint: That's an annual expense. As part of the audit, we have to comply with GASB 75.

Mr. Colen: Thank you. Item D is for Requisitions #98 through #100 for Series 2022B. Alright, are there are any questions? If not, I need a motion accepting these ratification items.

On MOTION by Mr. Brunner seconded by Mr. Gysen with all in favor the ratification items as stated above were approved.

**SIXTH ORDER OF BUSINESS**

**Other Business**

Mr. Colen: Do we have any Other Business? Hearing none,

**SEVENTH ORDER OF BUSINESS**

**Supervisor's Requests**

Mr. Colen: Do we have any Supervisor's Requests? Hearing none,

**EIGHTH ORDER OF BUSINESS**

**Next Meeting Date – February 17, 2026 at 10:00 AM at Live Oak Hall**

Mr. Colen: The next meeting date is February 17, 2025 at 10:00 a.m. at Live Oak Hall. We need a motion to adjourn.

**NINTH ORDER OF BUSINESS**

**Adjournment**

On MOTION by Mr. Brunner seconded by Mr. Gysen with all in favor the meeting was adjourned.

**TEMPORARY CONSTRUCTION EASEMENT AGREEMENT**

THIS TEMPORARY CONSTRUCTION EASEMENT AGREEMENT (this “**Easement Agreement**”) is granted this \_\_\_\_ day of \_\_\_\_\_, 2026 (“**Effective Date**”), by and between BAY LAUREL CENTER COMMUNITY DEVELOPMENT DISTRICT, a Florida community development district, whose address is 219 E. Livingston Street Orlando, Florida 32801 (“**BLCCDD**”), to and for the benefit of MARION COUNTY, a political subdivision of the State of Florida, whose address is 601 SE 25<sup>th</sup> Ave., Ocala, FL 34471 (“**County**”). BLCCDD and County may each be referred to as a “**Party**” and may be collectively referred to herein as the “**Parties**.”

**RECITALS**

**WHEREAS**, BLCCDD is the fee owner of certain real property located in Marion County, Florida (“**County**”), described and depicted on **Exhibit A** attached hereto and made a part hereof (“**Temporary Easement Area**”);

**WHEREAS**, the County is widening SW 80th Avenue from two lanes to four lanes from SW 90th Street (present terminus of four lanes) to one-half mile north of SW 38th Street, or further north as determined by the County during the design phase, and along SW 38th Street to approximately 3,000 feet east of the intersection of SW 80th Avenue and SW 38th Street (approximately SW 74th Avenue) (“**SW 80th Ave 4-Laning Project**”);

**WHEREAS**, County desires to obtain from BLCCDD, and BLCCDD has agreed to grant to County, a temporary, non-exclusive construction easement over the Temporary Easement Area to accommodate construction activities related to the SW 80<sup>th</sup> Ave 4-Laning Project that cannot be performed by the County within the dedicated 120 feet wide right-of-way;

**WHEREAS**, BLCCDD owns a portion of SW 63<sup>rd</sup> St Rd by virtue of a Quit Claim Deed recorded in OR Book 04504, Pages 0574-0577, Public Records of Marion County, Florida;

**WHEREAS**, BLCCDD adopted Resolution 2007-05 on May 29, 2007 confirming its acceptance of SW 63rd St Rd., including acceptance of maintenance of the landscaping and irrigation within the impacted area; and

**WHEREAS**, on May 27, 2008, the Circle Square Ranch Master Association (“**CSRMA**”) adopted a resolution, which is recorded in OR Book 05044, Pages 1411-1414, Public Records of Marion County, Florida, electing to maintain the improvements within the impacted area.

**NOW, THEREFORE**, in consideration of the premises, agreements, and covenants set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Recitals; Exhibits. The foregoing recitals are true and correct and, together with all Exhibits attached hereto, are incorporated into and form a part of this Easement Agreement. As used herein, the term “Permittees” shall mean all contractors, subcontractors, managers, officers, directors, employees, agents, vendors, licensees, suppliers, and invitees, of County, insofar as their activities relate to the use of the Temporary Easement Area.

2. Grant of Temporary Easement. BLCCDD hereby creates, grants, declares, and conveys to County and its Permittees (collectively, the “County Parties”), a non-exclusive, temporary easement for the purpose of completing the SW 80<sup>th</sup> Ave 4-Laning Project on, over, and across the Temporary Easement Area for the purpose of: (1) ingress and egress; (2) performing improvements to the median and crosswalk; (3) performing improvements to the curb and gutter; and (4) performing milling and resurfacing. It is understood and agreed that the foregoing easement is non-exclusive and BLCCDD reserves the right for itself, and its respective successors, assigns, and designated users, to utilize the Temporary Easement Area for any purpose not inconsistent with the uses granted to County hereunder. Prior to commencing any activities within the Temporary Easement Area, County shall provide BLCCDD with twenty (20) days advance written notice of its intended commencement of such activities.

3. Automatic Termination of Easement Agreement. This Easement Agreement is temporary in nature and shall automatically terminate and become null and void without further action upon the completion of the SW 80<sup>th</sup> Ave 4-Laning Project, notice from the County of final acceptance of such completion, and the BLCCDD’s acceptance of the County’s repair and maintenance obligations under paragraph 5 herein (“Termination Date”). In furtherance of the foregoing, but without limiting the automatic termination described above, at any time following the Termination Date, BLCCDD shall have the right to unilaterally execute a termination of this Easement Agreement. If requested by BLCCDD or a title company, County shall promptly execute and deliver any documents confirming the automatic termination of this Easement Agreement.

4. Reservation of Rights. BLCCDD hereby reserves unto itself, and its successors and assigns, its employees, guests and invitees, all rights accruing from its ownership of the Temporary Easement Area, including, without limitation, the right to landscape the Temporary Easement Area or engage in or permit, invite or grant to others the right to engage in any and all uses of the Temporary Easement Area, which does not unreasonably interfere with the rights granted herein.

5. Utilities Conflicts. As part of the SW 80<sup>th</sup> Ave 4-Laning Project, the County proposes to install certain stormwater infrastructure that conflicts with or impacts existing infrastructure owned or maintained by BLCCDD, as more fully described herein. The County and BLCCDD wish to set forth their respective obligations and understandings regarding the resolution of these conflicts. Plans and specifications depicting the improvements to be made pursuant this Section are attached hereto as **Composite Exhibit B**.

a. Conflict 1 – Existing Force Main Crossing at STA 26+80.00.

- i. BLCCDD owns and operates an existing 8-inch Polyvinyl Chloride (“**PVC**”) Force Main, as shown on Composite Exhibit B located at approximately Station 26+80.00. The County will install a 24-inch Reinforced Concrete Pipe (“**RCP**”) between Storm Structure S2A-03 and Storm Structure S2A-03A and shall maintain a minimum vertical separation of 0.5 feet (6 inches) from the existing force main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
- ii. In the event the County is unable to maintain a minimum separation of 0.5 foot (6 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 8-inch PVC force main to avoid conflict with the proposed 24-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings, bell restraints in accordance with Marion County Detail UT-300, and air-release valves, if necessary. BLCCDD’s contractor shall perform this additional utility work in coordination with the County’s contractor. Ideally, BLCCDD will contract for this work with the County’s contractor’s underground subcontractor, if possible.

b. Conflict 2 – Existing Water Main Crossing at STA 30+15.00.

- i. BLCCDD owns and operates an existing 16-inch Ductile Iron Pipe (“**DIP**”) Water Main, as shown on Composite Exhibit B located at approximately Station 30+15.00. The County will install a 24-inch RCP between Storm Structure S2A-03B and Storm Structure S2A-05 and shall maintain a minimum vertical separation of 1.0 feet (12 inches) from the existing water main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
- ii. In the event the County is unable to maintain a minimum separation of 1.0 foot (12 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 16-inch DIP water main to avoid conflict with the proposed 24-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings, and bell restraints in accordance with Marion County Detail UT-200. BLCCDD’s contractor shall perform this additional utility work in coordination with the County’s contractor. Ideally, BLCCDD will contract for this work with the County’s contractor’s underground subcontractor, if possible.

- c. Conflict 3 – Multiple Conflicts at Intersection of SW 80<sup>th</sup> Street and 80<sup>th</sup> Ave.
- i. Station 52+15.70 Improvements.
    - 1. BLCCDD owns and operates an existing 16-inch DIP water main, as shown on Composite Exhibit B located at approximate Station 52+15.70. The County will install a 30-inch RCP between Storm Structure S2A-18 and Storm Structure S2A-18A that will require the deflection of the existing 16-inch DIP water main.
    - 2. The County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 16-inch DIP water main to avoid conflict with the proposed 30-inch RCP. Such costs include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-200. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the work performed, required utility separation, and compaction between utilities.
  - ii. Station 79+48.02 Improvements.
    - 1. BLCCDD owns and operates an existing 12-inch PVC water main, as shown on Composite Exhibit B located at approximate Station 79+48.02. The County intends to install a 24-inch RCP between Storm Structure S2A-18A and Storm Structure S2A-18B that will require the deflection of the existing 12-inch PVC water main.
    - 2. The County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC water main to avoid conflict with the proposed 24-inch RCP. Such costs include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-200. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the work performed, required utility separation, and compaction between utilities.
  - iii. Station 53+71.00 Improvements.
    - 1. BLCCDD owns and operates an existing 12-inch PVC water main, as shown on Composite Exhibit B located at approximate Station 53+71.00. The County intends to install an 18-inch RCP between Storm Structure S2A-20 and Storm Structure S2A-20A that will require the deflection of the existing 12-inch PVC water main.
    - 2. The County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC water main to avoid conflict with the proposed 18-

inch RCP. Such costs include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-200. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the work performed, required utility separation, and compaction between utilities.

- iv. Coordination Regarding Completion of Improvements. For the improvements discussed in this subsection c., BLCCDD's contractor shall perform this work in coordination with the County's contractor. Ideally, BLCCDD will contract for this work with the County's contractor's underground subcontractor, if possible.
- d. Conflict 4 – Existing Water Main at STA 112+30.29.
  - i. BLCCDD owns and operates an existing 12-inch PVC water main installed inside a 24-inch steel casing pipe, as shown on Composite Exhibit B located at approximate Station 112+30.29. The County will install a 30-inch RCP between Storm Structure S4A-12 and Storm Structure S4A-14 and shall maintain a minimum vertical separation of 0.5 foot (6 inches) from the existing water main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
  - ii. In the event the County is unable to maintain a minimum separation of 0.5 foot (6 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC water main to avoid conflict with the proposed 30-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-200. BLCCDD's contractor shall perform this additional utility work in coordination with the County's contractor. Ideally, BLCCDD will contract for this work with the County's contractor's underground subcontractor, if possible.
- e. Conflict 5 – Multiple Conflicts at Intersection of SW 63<sup>rd</sup> St Rd and 80<sup>th</sup> Ave.
  - i. Existing Water Main at STA 121+87.97.
    - 1. BLCCDD owns and operates an existing 24-inch PVC water main installed inside a 42-inch steel casing pipe, as shown on Composite Exhibit B located at approximate Station 121+87.97. The County will install a 36-inch RCP between Storm Structure S4A-20 and Storm Structure S4A-21 and shall maintain a minimum vertical separation of one (1) foot (12 inches) from the existing water main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
    - 2. In the event the County is unable to maintain a minimum separation of one (1) foot (12 inches), the County and BLCCDD

shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 24-inch PVC water main to avoid conflict with the proposed 36-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-200.

ii. Existing Force Main at STA 124+40.00.

1. BLCCDD owns and operates an existing 12-inch PVC force main installed inside a 24-inch steel casing pipe, as shown on Composite Exhibit B located at approximate Station 124+40.00. The County will install a 48-inch RCP between Storm Structure S4A-31 to Storm Structure S4A-32 and shall maintain a minimum vertical separation of one (1) foot (12 inches) from the existing force main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
2. In the event the County is unable to maintain a minimum separation of one (1) foot (12 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC force main to avoid conflict with the proposed 48-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-300.

iii. Existing Force Main at STA 124+71.28.

1. BLCCDD owns and operates an existing 12-inch PVC force main installed inside a 24-inch steel casing pipe, as shown on Composite Exhibit B located at approximate Station 124+71.28. The County will install a 18-inch RCP between Storm Structure S4A-28 to Storm Structure S4A-28A and shall maintain a minimum vertical separation of one (1) foot (12 inches) from the existing force main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
2. In the event the County is unable to maintain a minimum separation of one (1) foot (12 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC force main to avoid conflict with the proposed 18-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-300.

iv. Existing Force Main at STA 124+71.28.

1. BLCCDD owns and operates an existing 12-inch PVC force main installed inside a 24-inch steel casing pipe, as shown on Composite Exhibit B located at approximate Station 124+71.28. The County will install a 18-inch RCP between Storm Structure S4A-31 to Storm Structure S4A-30 and shall maintain a minimum vertical separation of one (1) foot (12 inches) from the existing force main. The County shall notify and coordinate with BLCCDD at least seventy-two (72) hours prior to performing the proposed work to allow BLCCDD to inspect the required utility separation and compaction between utilities.
2. In the event the County is unable to maintain a minimum separation of one (1) foot (12 inches), the County and BLCCDD shall each be responsible for fifty percent (50%) of the costs necessary to deflect the existing 12-inch PVC force main to avoid conflict with the proposed 18-inch RCP. Such costs shall include all required appurtenances, including but not limited to pipe, fittings and bell restraints in accordance with Marion County Detail UT-300.

- v. Coordination Regarding Completion of Improvements. For the improvements discussed in this subsection e., BLCCDD's contractor shall perform this work in coordination with the County's contractor. Ideally, BLCCDD will contract for this work with the County's contractor's underground subcontractor, if possible.

6. County's Repair and Maintenance Obligations. During the course of County's exercise of its rights hereunder, County shall take all reasonable steps to ensure against any damage to the Temporary Easement Area caused by or resulting from the County Parties', including, without limitation, damage to any improvements located on the Temporary Easement Area. County agrees to repair, at its own expense, any damage to the Temporary Easement Area and any improvements located thereon or thereunder, caused by or resulting from the County Parties' utilization of the Temporary Easement Area. The repair work includes, without limitation, the repair of any structures, utility lines, irrigation lines/sprinklers, or other improvements on the Temporary Easement Area that were damaged, removed or destroyed by the County Parties. The County will coordinate with CSRMA and BLCCDD regarding the impacted landscaping pursuant to that certain Agreement (SW 80<sup>th</sup> Ave 4-Laning Project) entered into by and between the County and CSRMA. In addition, County further covenants and agrees that County, at County's sole cost and expense, shall remove all debris and garbage located on the Temporary Easement Area on a daily basis.

7. Environmental Indemnity. County shall indemnify, defend, protect, and hold BLCCDD and BLCCDD's officers, shareholders, members, directors, partners, agents, attorneys and employees (collectively "**BLCCDD Parties**") harmless from and against any and all actual or potential claims, proceedings, lawsuits, liabilities, damages, losses, fines, penalties, judgments, awards, costs and expenses, including, notwithstanding Paragraph 19 herein, without limitation,

reasonable attorneys' fees and costs, that arise out of or relate in any way to any use, storage, transfer, generation, disposal, or discharge of Hazardous Materials in connection with the use of the Temporary Easement Area by the County Parties. As used in this Easement Agreement, "Hazardous Materials" means:

- (a) All substances, wastes, pollutants, contaminants, and materials now or hereafter regulated, or defined or designated as hazardous, extremely or imminently hazardous, dangerous, or toxic, under the following federal statutes and their state counterparts, as well as these statutes' implementing regulations: the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. '9601 et seq.; the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. '136 et seq.; the Atomic Energy Act of 1954, 42 U.S.C. '2011 et seq.; and the Hazardous Materials Transportation Act, 49 U.S.C. '5101 et seq.;
- (b) Any additional hazardous substances or materials that are now or become defined as "hazardous substances," "hazardous waste," "toxic substances," or "toxic waste" under any other federal law or under any state, county, municipal, or other law applicable to the Temporary Easement Area or under any regulations promulgated under any such law;
- (c) Petroleum and petroleum products including crude oil and any fractions thereof;
- (d) Asbestos; and
- (e) Natural gas, synthetic gas, and any mixtures thereof.

The Parties herein will not cause or give permission for any Hazardous Materials to be used, placed, misused or disposed of upon, above, under, or transported to or from the Temporary Easement Area in violation of any applicable law. The obligations of the Parties in this Section that accrued prior to the Termination Date, including without limitation breach, shall survive the termination of this Easement Agreement, as well as the BLCCDD Self Help Remedy set forth in Section 7 with regard thereto.

8. BLCCDD Self Help Remedy. If County fails to perform any obligation set forth in this Easement Agreement and fails to cure the non-performance of the obligation within thirty (30) calendar days after receiving written notice from BLCCDD (however, no notice to County shall be required in an emergency), BLCCDD shall have the right, but not the obligation, to perform the obligation and be reimbursed for the cost of that performance by County within thirty (30) days after receipt of a written demand thereof by BLCCDD.

9. Indemnification by County. County will defend, indemnify and hold BLCCDD, its successors and assigns, harmless from and against any and all actions, causes of action, claims, demands, liabilities, losses, judgments, costs and expenses whatsoever (including, notwithstanding Paragraph 19 herein, without limitation, reasonable attorneys' fees at trial and appellate levels), arising out of or as a result of the exercise by County (or any individual or entity claiming by, through or under County), of County's rights or obligations hereunder. The obligations of the Parties in this Section that accrued prior to the Termination Date, including without limitation breach, shall survive the termination of this Easement Agreement, as well as the BLCCDD Self Help Remedy set forth in Section 7 with regard thereto.

10. No Liens. County shall not permit (and shall promptly satisfy or bond) any construction, mechanic's lien or other lien or encumbrance against the Temporary Easement Area

if such lien or encumbrance shall arise in connection with any work or materials related directly or indirectly to the exercise by County (or any individual or entity claiming by, through or under County) of its rights or obligations hereunder. The filing of any such lien shall constitute a default by County under this Easement Agreement. This section shall survive the termination of this Easement Agreement.

11. No Waiver of Immunity. Nothing in this Easement Agreement shall be deemed as a waiver of sovereign immunity or limits of liability of either County or BLCCDD, including their supervisors, officers, agents and employees and independent contractors, beyond any statutory limited waiver of sovereign immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, Florida Statutes, or other statute, and nothing in this Easement Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

12. Insurance Required to be Maintained by County. In connection with the rights granted by BLCCDD to County hereunder, County agrees to maintain or cause to be maintained in full force and effect comprehensive general liability insurance, including personal injury liability insurance and contractual liability insurance, with a financially responsible insurance company or companies licensed in the State of Florida. Such insurance shall provide for aggregate coverage of not less than One Million Dollars (\$1,000,000.00) for public liability and property damage, naming BLCCDD as an additional insured. Said policy shall provide for at least thirty (30) days' notice of non-payment of premiums or cancellation.

13. Subrogation. All insurance required by this Easement Agreement shall include provisions denying to the insurer subrogation rights against the other Parties to the extent such rights have been waived by the insured prior to the occurrence of damage or loss. Each Party to this Easement Agreement waives any rights against the other Party for any damage or consequential losses covered by such policies, against which such person is protected by insurance, but only to the extent of the proceeds actually paid to such person under such policies, whether or not such damage or loss shall have been caused by any acts or omissions of the other parties or its agents, employees, representatives, invitees, guests, successors or assigns.

14. No Public Dedication. This Easement Agreement shall not be construed, expressly or by implication, as a dedication to the public for public use and the Parties may, by mutual agreement, terminate or modify their respective rights and obligations hereunder without the consent of any third party.

15. Governing Law; No Venture: This Easement Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of Florida and venue for any litigation arising hereunder shall be in Marion County. Nothing contained in this Easement Agreement shall be deemed or construed, either by the Parties hereto or by any third party, to create the relationship of principal and agent or to create any partnership, joint venture or other association between the Parties.

16. Notices. Except as otherwise expressly provided herein, notices may only be delivered by either (i) hand delivery (ii) by certified mail, return receipt requested, or (iii) delivery by overnight delivery service such as UPS or FedEx, to the addressee at the address set forth above, and shall be deemed to have been delivered on the date of receipt of such notice, if hand-delivered, or, if mailed on the date the receipt for which the certified mail is signed by the addressee or its authorized agent or employee, or if sent by overnight delivery service, the day such notice is received. Either Party may change the address for notice to that Party by delivering written notice of such change in the manner provided above, such change to be effective not sooner than three (3) days after the date of notice of change, addressed as provided herein.

17. Entire Agreement. This Easement Agreement contains the entire agreement of the Parties pertaining to the subject matter hereof and there are no representations, inducements, promises or agreements, oral or otherwise, not embodied herein or in writing.

18. Binding Effect. This Easement Agreement and all conditions, obligations, and covenants granted and created herein shall be deemed covenants running with the land and shall be binding and benefit not only the BLCCDD and County but also their assigns and successors in title until the Termination Date, except as otherwise provided herein.

19. Modification and Waiver. Except as otherwise expressly provided herein, this Easement Agreement may not be amended, waived, or terminated, except by an instrument in writing executed by County and BLCCDD, which written document shall be recorded in the Public Records of Marion County, Florida. No delay or omission in the exercise of any right accruing upon any default shall impair such right or be construed to be a waiver thereof, and every such right may be exercised at any time during the continuance of such default. A waiver of a breach of, or a default in, any of the terms and conditions of this Easement Agreement by a Party shall not be construed to be a waiver of any subsequent breach of or default in the same or any other provision of this Easement Agreement.

20. Attorneys' Fees. In the event of any dispute, litigation, or other proceeding between BLCCDD and County to enforce any of the provisions of this Easement Agreement or any right of either BLCCDD or County hereunder, each Party to such dispute, litigation, or other proceeding shall pay its own costs and expenses, including reasonable attorneys' fees, incurred at trial, on appeal, and in any arbitration, administrative or other proceedings.

21. Remedies. In the event of a breach or threatened breach of any Party's obligations under this Agreement, a cause of action shall immediately accrue to the non-breaching Party and such non-breaching Party shall be entitled to pursue all remedies described in this Agreement or provided at law and equity. The Parties further agree that the waiver of a Party's breach or threatened breach of any obligations under this Agreement shall not be construed as a waiver of any subsequent breach by that Party.

22. Estoppel Certificates. BLCCDD and County, within ten (10) days of its receipt of a written request from the other shall, from time to time, provide the other party a certificate binding upon such Party stating: (a) to the best of the such Party's knowledge, whether any Party to this Easement Agreement is in default or violation of this Easement Agreement and if so

identifying such default or violation, and (b) that this Easement Agreement is in full force and effect and identifying any amendments to this Easement Agreement as of the date of such certificate.

**23. WAIVER OF JURY TRIAL. BLCCDD AND COUNTY HEREBY KNOWINGLY, VOLUNTARILY, AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER, OR IN CONNECTION WITH THIS EASEMENT AGREEMENT OR ANY DOCUMENTS CONTEMPLATED TO BE EXECUTED IN CONNECTION HEREWITH, OR ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS (WHETHER ORAL OR WRITTEN), OR ANY ACTIONS OF EITHER BLCCDD OR COUNTY, ARISING OUT OF, OR RELATED IN ANY MANNER WITH, THIS EASEMENT AGREEMENT (INCLUDING, WITHOUT LIMITATION, ANY ACTION TO RESCIND OR CANCEL THIS EASEMENT AGREEMENT OR ANY CLAIMS OR DEFENSES ASSERTING THAT THIS EASEMENT AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR BLCCDD AND COUNTY TO ENTER INTO THIS EASEMENT AGREEMENT. BLCCDD AND COUNTY ACKNOWLEDGE THAT THIS WAIVER HAS BEEN FREELY GIVEN AFTER CONSULTATION WITH COMPETENT COUNSEL.**

24. Severability. If any provision of this Easement Agreement or the application thereof to any person or circumstance shall, for any reason and to any extent, be invalid or unenforceable, the remainder of this Easement Agreement and the application of such provision to other persons or circumstances shall not be affected thereby, but rather shall be enforced to the greatest extent permitted by law. It is the intention of the Parties that if any such provision is held to be illegal, invalid, or unenforceable, the parties shall negotiate in good faith to add in lieu thereof a legal, valid and enforceable provision that is as similar as possible in terms to the illegal, invalid or unenforceable provision.

25. Construction. The captions and headings in this Easement Agreement are for reference only and shall not be deemed to define or limit the scope or intent of any of the terms, covenants, conditions, or agreements contained herein.

26. Time is of Essence. BLCCDD and County acknowledge time is of the essence under this Easement Agreement.

27. Drafting. Each of the Parties have participated fully in the negotiation and preparation of this Easement Agreement with full benefit of counsel. Accordingly, this Easement Agreement shall not be more strictly construed against any of the Parties, and shall be interpreted as if the Parties hereto jointly prepared it.

28. Cooperation. The Parties shall execute in good faith such other and further documents as may be required to effectuate the terms of this Easement Agreement. However, nothing herein shall be interpreted to require the County to take or abstain from taking any regulatory, legislative, or quasi-judicial action.

29. Counterparts. This Easement Agreement may be executed in counterparts. It shall be sufficient that the signatures of the persons required to bind any Party appear on one or more of such counterparts. All counterparts shall collectively constitute a single agreement.

Contractor - as used herein refers to any person, firm or corporation to whom payment is due

**CERTIFICATION OF BAY LAUREL CENTER COMMUNITY DEVELOPMENT DISTRICT:**

Attached hereto is the Contractor's Application for Payment for work accomplished under the above contract through the date indicated above. If applicable, accompanying the Application is the Contractor's Affidavit stating that all previous payments to it under the contract have been applied by it to discharge, in full, all of its obligations in connection with work ordered by all prior Applications for Payment.

If requisition of any amount requested thereunder is for the acquisition of real property, as indicated by the yes response set forth above, the following paragraph is applicable: The payment for any real property or interest therein from moneys requested by this Requisition is in compliance in all respects with the requirements of Section 5.02 of the Trust Indenture relating thereto.

The requisition certifies that the work to which the payment relates has been accomplished in a manner satisfactory to the Issuer, and the amount to be paid does not exceed the obligation on account of which the payment is made. The Issuer's certifications may be based upon certificates satisfactory to it provided by the Consulting Engineer

In the case of payments to discharge indebtedness of the Issuer, the proceeds of which were used for payments properly chargeable against the Project Fund, the Issuer shall provide as an attachment to the requisition a copy of any note or other evidence of the indebtedness to be discharged.

WHEREAS, the authorized officer certifies as part of this requisition that:

There has not been filed with or served upon the Issuer notice of any lien, right to liens, or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to the persons, firm or corporations named in such requisitions, which has not been released or will be released simultaneously with the payment of such obligation, and that this requisition contains no item representing payment on account of any retained percentage which the Issuer is at the date of such certificate entitled to retain, such payment obligation was properly incurred and is a proper charge against the Project Fund, is a "Cost" permitted under the Trust Indenture for the above-referenced Bonds and under the Act (as defined in such Trust Indenture) and such payment is in accordance with the plans and specifications or duly approved change order for the above-referenced project.

It is further certified that the above amount due has not been paid and that the items of work to be paid for have been completed, or materials delivered, with respect to the amount due.

The Cost for which payment is requested hereunder is/is not (circle appropriate choice) one in which payment shall first be made from the Connection Charge Fund.

In the event that any requisition for the acquisition price of a specific component of the Utilities System or a Project is in payment for any real property or interest therein, the Issuer has received a title insurance policy approved by Counsel covering such property or written opinion of Counsel or any attorney designated for such purpose by Counsel, to the effect that the Issuer shall have upon such payment marketable title in fee simple to such property, subject to no lien, charge or encumbrance thereon affecting the title thereto except liens, charges, encumbrances or other defects of title which do not have a materially adverse effect upon the right of the Issuer to use such property for the purposes intended or which have been adequately guarded against by a bond or other form of indemnity.

WHEREFORE, in accordance with the above, the undersigned has approved payment to Contractor of the Amount Due as shown above.

## CERTIFICATION OF CONSULTING ENGINEER

I, Gene B. Losito, PE, an authorized representative of Kimley-Horn and Associates, Inc., the Consulting Engineers of the Issuer, approve of this requisition and hereby certify that (i) the obligation for which payment is being made was properly incurred, (ii) the amount requisitioned is due and unpaid and is for a Cost permitted under the Trust Indenture and the Act, (iii) insofar as the payment is to be made for work, material, supplies or equipment, the work has been performed and the material, supplies or equipment have been installed as part of the Project or have been delivered either at the proper site or at a proper place for fabrication and are covered by the builders' risk insurance, (iv) all work, material, supplies and equipment for which payment is to be made are, in the signer's opinion, in accordance with the plans and specifications or duly approved change orders, and (v) all approvals and permits for the acquisition, construction, installation and equipping of the Project referenced above have been obtained [or can reasonably be expected to be obtained] from all applicable Regulatory Bodies. This certification is based on Consultant's knowledge, information, and belief, and that in our opinion, the Contractor's work has progressed to the point indicated. Our certification is not a representation that the observations to check Contractor's work have been exhaustive, extended to every aspect of Contractor's work, or involved detailed inspections.
